

Oral Presentation Guidelines

- Oral Presentation abstracts should be structured as: Background, Methods, Results, and Discussion. Include as much actual data as possible.
- Oral Presentations will last 10 minutes with an additional 5 minutes for discussion.
- There is a limit of 3200 characters, not counting spaces, for the text of your abstract submission. No images will be accepted.
- The presenter will be required to submit a COI disclosure statement at the time of submission.
- Submitters will be given the opportunity in the submission process to elect that if the oral presentation is not accepted, then the abstract may be considered for poster presentation.
- Participants should include women, underrepresented minority and/or early career scientists/clinicians. Does your panel meet this requirement? If not, please note that your proposal may be considered less favourably.
