

Name: Joachim Voss, PhD, ACRN, RN

Current Title: Professor

Affiliation: Case Western Reserve University

Candidate for: MNRS Board Director-At-Large

Personal Statement:

I have been a passionate MNRS member for the last six years in MNRS and have mentored many PhD students to present their work at MNRS. IN 2018, I received the MNRS Physiology, Behavior, Genomics, and Society RIG Distinguished Scholar Award, and in 2020, the MNRS Symptom Science RIG Researcher of the Year Award. I have been chair of the fundraising committee and brought innovations such as the Champagne reception to the fundraising efforts. In 2021, I was asked to join the MNRS Foundation Board and we are working currently on a new collaboration with the CVS Minute Clinic leadership. I have been part of the Program Planning Committee for the last two years, and this year I was asked to step into the chair position for the 2022 Annual conference. Because of my previous engagements and experiences, I would be greatly honored to be nominated for the Board of Directors position.
