46th Annual Research Conference

March 30 – April 2, 2022

SCHAUMBURG, IL

IOWA IS YOUR CAREER DESTINATION

AREAS OF EXCELLENCE

- Pain, Multimorbidity, and Symptom Science Across the Lifespan
- Gerontology
- Health Systems, Technology, and Informatics

FACULTY OPPORTUNITIES

- Tenure track faculty opportunities available in all ranks and specialties
- Undergraduate and graduate teaching opportunities in most areas of nursing specialization

TOP-RANKED PROGRAMS

- World-renowned PhD program
- Cutting-edge DNP and CNL programs
- Innovative healthcare simulation experiences
- Post-graduate Certificate Programs
- NEW: Entry into Practice MSN for non-nurse college graduates to become practicing nurses

OUTSTANDING RESOURCES

- NIH Clinical and Translational Science Award
- NINR P20 Exploratory Center for Advancing Multimorbidity Science
- Csomay Center for Gerontological Excellence
- Center for Nursing Classification and Clinical Effectiveness
- Nursing Clinical Education Center

BUILD A CAREER, BUILD A LIFE

Learn about the vibrant and inclusive environment that Iowa City has to offer!

Mission, Vision, and Strategic Goals

The **MISSION** of the Midwest Nursing Research Society is to advance science, transform practice and enhance careers through a network of scholars.

The **VISION** of the Midwest Nursing Research Society is to be the premiere society that develops scholars, drives science, and leads innovation to improve the health of all people.

The **STRATEGIC GOALS** of the Midwest Nursing Research Society:

MEMBERSHIP: *Foster a Diverse Membership of Scholars*

ENGAGEMENT: *Develop and engage members across the career trajectory*

MARKETING/COMMUNICATION/ADVOCACY: *Increase visibility of the impact of nursing science*

FINANCIAL: *Enhance fiscal responsibility, impact of funds, and stewardship of member investment.*

46th Annual Research Conference

The Midwest Nursing Research Society's 46th Annual Research Conference convenes on March 30 – April 2, 2022, outside the Chicago area in Schaumburg, IL.

The theme for the 2022 conference is ***“Innovative Solutions: Re-Imagining Nursing Research and Scholarship”***. The learner outcomes for the conference are:

- Explore diversity to foster equity, inclusion, and belonging through nursing research, practice and scholarship.
- Discuss integrating patient and community engagement strategies to ensure a collaborative approach to nursing research and practice.
- Investigate the spectrum of structural racism affecting patients, families, care providers, and communities and develop solutions to improve patient outcomes and provider relationships.
- Ensure delivery of culturally sensitive and relevant Care Delivery Models acknowledging accessibility, desirability, and affordability.

Dear Colleagues,

On behalf of the Midwest Nursing Research Society Board of Directors, I want to thank the more than 1,300 dedicated members for ensuring that MNRS continues to be the premiere regional nursing research society. The last two years MNRS has hosted virtual research conferences; however, the Board is planning an in-person conference in 2022 with a post-conference digital component for those unable to travel. MNRS is made up of frontline healthcare workers, faculty, students, nursing scientists and clinical scholars devoted to nursing research and implementation. Knowing what we know about this pandemic, we will continue to monitor the travel situation and we will ensure we keep the health and well-being central as we navigate the changes that may occur in the coming months.

Each year I am astounded by the research and scholarship that our members are sharing and this year is proving to be no different. As the need for dissemination has never been greater, we cordially invite you to join us virtually for the MNRS 46th Annual Research Conference outside the Chicago area in Schaumburg, IL. The conference will take place March 30 – April 2. We would like to thank our host schools, the University of Illinois at Chicago, Loyola University Chicago, and Rush University, and all the schools and organizations who participate as sponsors, advertisers, and exhibitors. The conference would not have been possible without their generous support.

I would like to extend my appreciation to the Program Planning Committee and volunteers who contributed countless hours to ensuring the success of the conference. Under the leadership of Dr. Joachim Voss, the Program Planning Committee has organized a stimulating conference that will provide opportunities for attendees to hear about cutting-edge research and evidence-based practice, engage in thoughtful discussions, network with fellow nursing scholars, and learn about emerging research methods on a platform that will enhance each attendee's virtual experience.

Highlights of the conference include paper presentations, poster discussions, and poster presentations that cover all eighteen (18) of the MNRS Research & Implementation Interest Groups. Additionally, we have Dr. Heather Young from UC Davis, offering the opening keynote presentation, and Dr. Mary Wakefield with Dr. Patricia Sharpnack (Ursuline College) and Dr. Linda Scott (University of Wisconsin-Madison) providing the closing keynote presentations focused on the 2022 Conference theme: *Innovative Solutions: Re-Imagining Nursing Research and Scholarship*. MNRS will continue to provide outstanding career development guidance and learning opportunities for nurse scientists and scholars at all career levels – from students and junior investigators to mid-career and senior scientists.

We encourage you to join us for the 2022 Annual Research Conference and take full advantage of opportunities to hear the latest in nursing research and network with old and new colleagues and friends!

Kathleen Buckwalter, PhD, RN, FAAN
President, Midwest Nursing Research Society

PRESIDENT

Kathleen “Kitty” Buckwalter, PhD, RN, FAAN
University of Iowa/University of Oklahoma

PAST-PRESIDENT

Cindy Anderson, PhD, RN, WHNP-BC, ANEF, FAHA, FNAP, FAAN

Barbara St. Marie, PhD, AGPCNP, FAANP
University of Iowa (2023 Host School)

2022 Keynote Speakers

OPENING KEYNOTE SPEAKER: MARCH 31, 2022

Heather Young, PhD, RN, FAAN **Dean Emerita, Betty Irene Moore School of Nursing at UC Davis**

A nurse leader, educator, scientist and nationally recognized expert in gerontological nursing and rural health care, Heather M. Young is a professor and dean emerita for the Betty Irene Moore School of Nursing at UC Davis.

Young researches healthy aging with a particular focus on the interface between individuals, family and formal health care systems. She co-leads the Healthy Aging in a Digital World initiative at UC Davis Health, in which a diverse team of experts explore the use of technology to provide a bridge between independent living and access to health care across a person's lifespan. She also is associate director for strategic partnerships and faculty with the School of Nursing's Family Caregiving Institute, which seeks to better support family caregivers of individuals with chronic diseases while also improving the preparation of health professionals to provide that support and coaching.

Previously, her research played an instrumental role in shaping long-term care policies in Washington state and beyond and she conducted several longitudinal studies of family caregiving in the context of cognitive and functional decline. Her systems research includes medication management and safety in rural assisted-living settings and hospitals, as well as the use of technology, such as telehealth, and community-based strategies to promote healthy aging.

Young is co-director of the Latino Aging Research Resource Center, one of seven National-Institutes of-Aging-funded Research Centers for Minority Aging Research. She is the principal investigator for a Patient-Centered Outcomes Research Institute (PCORI) study seeking to improve health for individuals with diabetes through technology-enabled nurse coaching.

As founding dean and Associate Vice Chancellor for Nursing for UC Davis Health, Young led the establishment of the School of Nursing, the development of five new graduate programs in Nursing Science and Health-Care Leadership, the design and construction of the 70,000-square-foot Betty Irene Moore Hall and the formation of a nursing science research program focused on healthy systems and healthy people. She served as a Commissioner on the California Future Healthcare Workforce Commission.

CLOSING KEYNOTE SPEAKER: APRIL 2, 2022

Mary K. Wakefield, PhD, RN, FAAN **Visiting Professor- The University of Texas at Austin Georgetown University**

Mary K. Wakefield PhD, RN, FAAN is the Visiting Distinguished Professor in the Practice of Health Care at Georgetown University and also a Visiting Professor and Distinguished Fellow at The University of Texas at Austin. Prior to these appointments, in March 2015, Dr. Wakefield was named by President Barack Obama to serve as the Acting Deputy

Secretary of the U.S. Department of Health and Human Services (HHS), the second most senior position in the Department. She held this position through January 20, 2017. As a senior government official, she was responsible for overseeing management and operations of HHS, a department with a \$1 trillion budget and 80,000 employees. In addition, she led strategic Department-wide initiatives in key health policy areas, with a particular focus on health and human service programs for vulnerable populations.

Prior to becoming Acting Deputy Secretary, Dr. Wakefield was appointed by President Obama as the Administrator of the Health Resources and Services Administration (HRSA). From 2009 to 2015, Dr. Wakefield led and initiated program improvements at HRSA to further strengthen the health care workforce, build healthier communities, increase health equity, and provide health care services to people who are geographically isolated, economically or medically vulnerable.

Dr. Wakefield's public service career also includes over eight years working in the United States Senate where she served as a legislative assistant and later as chief of staff to two North Dakota senators: Kent Conrad and Quentin Burdick.

Dr. Wakefield has extensive academic experience, including serving as associate dean for rural health at the School of Medicine and Health Sciences University of North Dakota, director of the Center for Health Policy, Research and Ethics at George Mason University in Fairfax, VA, and as a faculty member and area chair in the College of Nursing, University of North Dakota. Additionally, she worked on site as a consultant to the World Health Organization's Global Programme on AIDS in Geneva, Switzerland.

Dr. Wakefield began her nursing career practicing in medical-surgical and intensive care nursing. She is a native of Devils Lake, North Dakota.

Conference General Information

VIRTUAL CONFERENCE

The 46th Annual Research Conference will again be in-person. MNRS will offer a digital component that will be released post-conference.

PRE-CONFERENCE WORKSHOPS

These pre-conference workshops are ticketed and there is an additional registration fee to attend. All pre-conference workshops will be held live-time but virtually. Block your calendar, plan to join, and choose your preferred location for viewing.

NEW MEMBERS/FIRST-TIME ATTENDEES

New members and first-time attendees are invited to an MNRS Orientation on Wednesday, March 30. The time will be announced with the schedule.

JOIN THE CONVERSATION

MNRS has gone social and we invite you to join the online conversation. Please be sure to follow/like the following MNRS social media accounts: **@MidwestNursing @MidwestNursingResearchSociety @TheMNRS**

And do not forget to use the hashtag **#MNRS2022** if you post pictures or comments about the 2022 Annual Research Conference.

Conference Registration

All attendees must register for the meeting. The registration fees are listed on the [conference website](#). Please note that the Pre-conference Workshops are an additional fee and are not included in the MNRS conference registration fee. All non-member students are required to provide proof of student status at time of registration. (i.e., student ID, transcript or a letter from a Dean).

In-Person/Live Conference

	Regular Member	Student Member	Retired, Intn. Member	Non Member	Regular Member	Student Member	Retired, Intn. Member	Non-Member
	Early Bird Rate On Or Before Feb. 25, 2022				Standard Rate After Feb. 25, 2022			
Full Conference	\$475	\$265	\$265	\$680	\$575	\$365	\$365	\$775
One Day	\$340	\$215	\$215	\$390	\$390	\$265	\$265	\$470
Pre-Con Workshop Half Day	\$230	\$115	\$115	\$250	\$230	\$115	\$115	\$250

Digital Access Only After the Conference

	Regular Member	Student Member	Retired, Intn. Member	Non Member	Regular Member	Student Member	Retired, Intn. Member	Non-Member
	Early Bird Rate On Or Before Feb. 25, 2022				Standard Rate After Feb. 25, 2022			
Full Conference	\$345	\$125	\$188	\$500	\$445	\$225	\$288	\$600

CANCELLATION/REFUNDS

A partial refund will be honored before **February 25, 2022**, less a \$50 service fee. No refunds will be issued after February 25, 2021. Substitutions are allowed at any time. To cancel a registration or make a substitution email the Executive Office at info@mnr.org or call (615) 432-0098

RENAISSANCE SCHAUMBURG CONVENTION CENTER HOTEL

The Renaissance Schaumburg Convention Center Hotel is offering a discounted rate of \$159 per night. To take advantage of this group rate, follow the link below. The hotel is just a short 14-minute trip from Chicago O'Hare International Airport!

Renaissance Schaumburg
1551 Thoreau Drive, C
Schaumburg, IL 60173

Research Excellence.

Dr. Kristine Kwekkeboom, PhD, RN, FAAN, studies co-occurring symptoms and self-management strategies in persons with cancer. Her research, teaching, and mentorship prepare the next generation of nurses to help their patients cope with the physical and psychological effects of cancer and other life-limiting conditions, ultimately improving quality of life.

The University of Wisconsin–Madison is a premier nursing research institution and we develop leaders for the profession and society. We offer undergraduate, graduate, and certificate programs. Our signature research areas are Aging & Care of Older Adults; Children, Families & Reproductive Health; Health Disparities; Health Systems & Public Health; Mental Health & Substance Use; and Symptom Science & Palliative Care.

NEW: ATTEND CLASSES REMOTELY OR IN PERSON

Find the answers to the questions facing nursing and improve the health of patients and the community with a PhD in Nursing from the **University of Minnesota**. Our new **HyFlex** instruction format allows you the option to attend class in-person or remotely through video connection. Whether on campus or not, you'll be mentored by nationally renowned faculty and provided research opportunities only a tier-one institution ranked in the top 10 can provide. Full-time students receive full funding for their first two years.
