Submission Deadline: Monday, November 8, 2021 for All Submissions

To submit your proposal, please follow the instructions below:

- Visit the 2022 Abstract Submission Portal: <https://ascp.societyconference.com>

- If you are a new submitter or your email address is not recognized by the system, please create a new account.
- Character Limits Per Abstract: There is a limit of 3,200 characters, not including spaces for your proposal. Of the total limit, 200 characters are for the title of your proposal. The abstract of your proposal has a limit of 3,000 characters.
- **Proposal Limit:** An individual cannot be listed as a presenter on more than 2 submitted proposals (Panels, Workshops, Individual Research Reports, and Pharma Pipeline presentations) per year, and cannot be listed for more than 4 total roles, i.e., chair, co-chair, presenter, or discussant. THIS DOES NOT INCLUDE POSTER PRESENTATIONS. An individual may be a co-author on any number of submitted abstracts.

Steps for Submission:

1. Once logged into the portal, select the large blue square “Start a New Scientific Submission.”

The Annual Meeting of the American Society of Clinical Psychopharmacology (ASCP) will be held May 31 - June 03, 2022 at the Fairmont Scottsdale Princess.

Details for Submissions

The committee welcomes submissions from the U.S. as well as international proposals.

Panel and Workshop Chairs - You will create an overall proposal for your session. Once your participants have been added to the proposal, they will receive an automated notification to complete their abstract details. Your proposal is NOT complete until all participants have submitted their abstract details.

Panel and Workshop Participants - Once your session Chair has created the overall proposal, you will receive a notification email to complete your abstract details. Please do not create an individual submission.

Poster and Individual Research Report Submitters - Both of these submissions are created under the same submission type. Once the proposal is created, you will be given the opportunity to choose which type of submission for your abstract.

New Investigator Award Applicants - These travel awards are specifically designed for individuals who are new to the field and have not been the Principal Investigator on an R01 grant. The NIA participant will also have the opportunity to present a poster or individual research report presentation. Your application will be submitted under the “Poster/Individual Research Report” Submission.

Pharmaceutical Pipeline Submitters - Your application will be submitted under the “Pharmaceutical Pipeline” submission type. A Pharmaceutical Pipeline report will be a 10 minute presentation and will also have the opportunity to present as a poster presentation. A Pharmaceutical Pipeline submission should include those with early clinical data (Phase 1 and 2) on any CNS compound for which Phase 3 data had not been presented. The goal is to generate enthusiasm for the many novel compounds under exploration, most of which have not reached Phase 3. This is not to exclude presentations of clinical data on compounds currently in Phase 3 targeted to truly untested mechanisms since such data would also be of great interest.

If you have any questions concerning your abstract submission, please contact info@ascpp.org.

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected.

Contracted research includes research funding where the institution gets the grant and manages the fund and the person is the principal or named investigator on the grant.

There is no minimum dollar amount for relationships.

Definition of Commercial Interest...

A *commercial interest* is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. Providers of clinical service directly to patients are not commercial interests – unless the provider of clinical service is owned, or controlled, by a commercial

Rules regarding Conflict of Interest

The Accreditation Council for Continuing Medical Education (ACCME) requires that The American Society of Clinical Psychopharmacology, Inc., obtain the disclosure from any individual who is in a position to influence or control the content of an accredited activity of any financial interest or other relationship with a commercial interest which is any entity who produces, markets, re-sells or distributes health care goods or services consumed by, or used on, patients. This includes planners, faculty members, and authors. ACCME defines "relevant" financial relationships as "financial relationships in any amount occurring within the past 24 months that create a conflict of interest".

Although ASCP does not consider that such relevant financial relationships necessarily give rise to bias or unbalance, it is the policy of ASCP that any such relationships be identified to the audience prior to commencement of the program. In addition, it is the policy of ASCP to resolve all conflicts of interest prior to the CME activity as per ACCME guidelines.

Each faculty member or author will be asked to send to the planning committee (depending on the particular meeting) a detailed abstract, and/or the paper to be presented, and/or the slides to be presented. Each abstract, paper, or slide set will be reviewed by the planning committee for content, presentation, and bias, in light of the faculty member's or author's relevant financial relationships. Changes to achieve scientific integrity and lack of bias may be required of the faculty member or author prior to the presentation.

EACH PLANNER, FACULTY MEMBER, AUTHOR MUST COMPLETE AND RETURN A DISCLOSURE STATEMENT. The form is included electronically in the submission online and also available on the website at: <http://ascpmeeting.org/scientific-program/submit-an-abstract/>.

Please email info@ascpp.org or call 615-649-3085 with any questions.

See you at the ASCP Annual Meeting!
