

2027 ASCP Annual Meeting

Submission Instructions for Pharmaceutical Pipeline Presentations

Submission Deadline: Thursday, February 18, 2027

Pharmaceutical Pipeline Submitters - Your application will be submitted under the "Pharmaceutical Pipeline" submission type. A Pharmaceutical Pipeline report will be a 10-minute presentation and will have the opportunity to be presented as a poster presentation. A Pharmaceutical Pipeline submission should include those with early clinical data (Phase 1 and 2) on any CNS compound for which Phase 3 data had not been presented. The goal is to generate enthusiasm for the many novel compounds under exploration, most of which have not reached Phase 3. This is not to exclude presentations of clinical data on compounds currently in Phase 3 targeted to truly untested mechanisms since such data would also be of great interest.

To submit your proposal, please follow the instructions below:

- Visit the 2027 Abstract Submission Portal: <https://ascp.societyconference.com>
- If you are a current or previous member of ASCP, your account is stored within our system. You will log in with your email and your password. If you have forgotten your password, please select "Forgot Password", and it will be sent to you.
- If you are new submitter or your email address is not recognized by the system, please create a new account.
- Character Limits Per Abstract: There is a limit of 3,200 characters, not including spaces for your proposal. Of the total limit, 200 characters are for the title of your proposal. The abstract of your proposal has a limit of 3,000 characters.
- **Proposal Limit:** An individual cannot be listed as a presenter on more than 2 submitted proposals (Panels, Workshops, Individual Research Reports, and Pharma Pipeline presentations) per year, and cannot be listed for more than 4 total roles, i.e., chair, co-chair, presenter, or discussant. THIS DOES NOT INCLUDE POSTER PRESENTATIONS. An individual may be a co-author on any number of submitted abstracts.

Steps for Submission:

1. Once logged into the portal, select the large blue square “Start a New Scientific Submission.”

Step 1: General - Submission Details

1. Select “Pharmaceutical Pipeline” type in the drop-down menu.
 - a. A Pharmaceutical Pipeline report will be a 10-minute presentation and will have the opportunity to be presented as a poster presentation.

A screenshot of a web form titled "Submit Pharmaceutical Pipeline". At the top, there is a navigation bar with a "Return to Dashboard" link and a progress indicator showing four steps: "General" (1), "Participants" (2), "Submission" (3), and "Disclosures" (4). Below the navigation bar is a yellow button labeled "Add Participants >". The main form area is titled "Submission Type" and features a dropdown menu with "Pharmaceutical Pipeline" selected. Below this, there is a paragraph of text explaining the requirements for a Pharmaceutical Pipeline report. A note states: "** Please Note: No logos of any kind are to be included in the presentation itself." The form then has three numbered sections: 1. "Enter Title" with a text input field and a character count of "200 of 200 characters remaining". 2. "Select Category" with a dropdown menu. 3. "Request for Proposals" with a dropdown menu.

2. Enter your proposal title.
 - a. Your title must be less than 200 characters.
 - b. Do not use all caps. Please use title case.
3. Select your category in the drop-down menu provided.
 - a. If your category is not provided, please select “Other”.

- Once both tasks are completed, the numbers on the left-hand side will turn green. Select the yellow “Add Participants” button at the top to continue.

Step 2: Enter Participants

- The name of the submitter will show in the Presenter field. Please select “Save and Continue” at the top to continue. Co-authors will be added in Step 3.

The screenshot shows the 'Enter Participants' step of the 'Submit Pharmaceutical Pipeline' process. At the top, a progress bar indicates four steps: General (completed, green checkmark), Participants (current step, circled 2), Submission (circled 3), and Disclosures (circled 4). Below the progress bar are 'Previous' and 'Save and Continue' buttons. The main content area is titled 'Enter Participants'. It features a 'Presenter*' field with the name 'Kara Moeller' and email 'kmoeller@parthenonmgmt.com'. To the right of the presenter field are three columns: 'Abstract Admin' (with a checkmark), 'Submission Status' (with a 'Not Started' icon), and 'Disclosure Status' (with a 'Not Started' icon).

Step 3: Submission

The screenshot shows the 'Submission' step of the 'Submit Pharmaceutical Pipeline' process. The progress bar at the top shows four steps: General (completed, green checkmark), Participants (completed, green checkmark), Submission (current step, circled 3), and Disclosures (completed, green checkmark). Below the progress bar are 'Previous', 'Save and Continue', and 'Submit Abstract' buttons. The main content area is titled 'Submission' and contains three sections: 1. 'Abstract' (with a character count of 3200 of 3200 characters remaining), 2. 'Author Listing' (with a search field and a table of authors), and 3. 'Presentation Slides'.

Order	Presenter	First Name *	Last Name *	Affiliation *
1		Kara	Moeller	PMG

* You must populate all fields to complete the row.

Kara Moeller¹

¹PMG

- Enter abstract, must be less than 3,200 characters (not including spaces).
- Request for Proposals: Choose one of the RFP topics if your submission fits into one of the listed categories.
- Author Listing: Enter a maximum of 15 authors/co-authors for the authorship listing. The presenter must be listed within the author listing below. Please use the search field before free typing a co-author.
- Once complete, hit the yellow “Save and Continue” button at the top.

Step 4: Disclosures

1. Please **ONLY** enter any disclosures relevant to this poster for the Presenting Author. Select if you have any financial relationships to disclose within the past 24 months.
2. Add information about each organization you or your spouse should disclose.
3. Type your full name in the field provided. For example: Oliver W. Smith.
4. Once all tasks are completed on this page, the buttons on the left will turn green, select “Save and Continue” at the top of the screen.

The screenshot shows a web form titled "Submit Pharmaceutical Pipeline". At the top, there is a navigation bar with a "Return to Dashboard" link and a progress indicator. The progress indicator shows four steps: "General" (completed with a green checkmark), "Participants" (completed with a green checkmark), "Submission" (step 3, indicated by a circle with the number 3), and "Disclosures" (step 4, indicated by a circle with the number 4). Below the progress bar are three buttons: "Previous" (disabled), "Save" (yellow), and "Submit Abstract" (yellow with a document icon). The main content area is titled "Financial Relationships" and contains a "Definition of Financial Relationship..." section. This section explains that financial relationships include salary, royalty, intellectual property rights, consulting fees, honoraria, ownership interest, and other financial benefits. It also mentions that contracted research includes funding where the institution gets the grant and manages the fund, and the person is the principal or named investigator. A note states there is no minimum dollar amount for relationships. Below this is a "Definition of Ineligible Company..." section, which states that an ineligible company is any entity producing, marketing, selling, re-selling, or distributing healthcare products or services consumed by, or used on, patients. Providers of clinical service directly to patients are not ineligible companies (unless the provider of clinical service is owned, or controlled, by an ineligible company).

Final Step: Select the yellow “Submit Abstract” button at the top.

1. You will receive a notification that the submission was submitted successfully.
2. You will receive an email confirmation of the submission.
3. You will be able to edit the submission until the submission period closes.
4. After the deadline has passed, all submissions will be reviewed by the Program Committee. Notifications will be sent by email after the review period.

Presentation Guidelines for Pharmaceutical Pipeline Session

- Each Pharmaceutical Pipeline Report will be a 10-minute presentation. Please leave adequate time for audience questions.
- Accepted Pharmaceutical Pipelines Presentations are also offered the opportunity to present a poster presentation.
- Presentations are solely education based. The use of any advertising, trade names, or product-group message association is prohibited; this rule will be strictly enforced.
- The research reporter’s AND ALL co-authors’ disclosures must appear on the first slide of the presentation. Slides will be reviewed in the speaker ready room to endure compliance.
- Logos (Company, Institution, University, etc) are not permitted to appear on meeting materials, including presentation slides.

- Timers are provided. It is up to the chair of the session to keep each presenter limited to their time allotted.
- Audiovisual equipment will be available: laptop, LCD projector, laser pointer, podium, and microphone.

Rules regarding Conflict of Interest

The Accreditation Council for Continuing Medical Education (ACCME) requires that The American Society of Clinical Psychopharmacology, Inc., obtain the disclosure from any individual who is in a position to influence or control the content of an accredited activity of any financial interest or other relationship with a commercial interest which is any entity who produces, markets, re-sells or distributes health care goods or services consumed by, or used on, patients. This includes planners, faculty members, and authors. ACCME defines “relevant” financial relationships as “financial relationships in any amount occurring within the past 24 months that create a conflict of interest”.

Although ASCP does not consider that such relevant financial relationships necessarily give rise to bias or unbalance, it is the policy of ASCP that any such relationships be identified to the audience prior to commencement of the program. In addition, it is the policy of ASCP to resolve all conflicts of interest prior to the CME activity as per ACCME guidelines.

Each faculty member or author will be asked to send to the planning committee (depending on the particular meeting) a detailed abstract, and/or the paper to be presented, and/or the slides to be presented. Each abstract, paper, or slide set will be reviewed by the planning committee for content, presentation, and bias, in light of the faculty member’s or author’s relevant financial relationships. Changes to achieve scientific integrity and lack of bias may be required of the faculty member or author prior to the presentation.

EACH PLANNER, FACULTY MEMBER, AUTHOR MUST COMPLETE AND RETURN A DISCLOSURE STATEMENT. The form is included electronically in the submission online.

Please email info@ascpp.org or call 615-649-3085 with any questions.

See you at the ASCP Annual Meeting!
