

### Call for Proposals

You are invited to submit a proposal to the 2019 International Summit on Suicide Research of the International Academy for Suicide Research and the American Foundation for Suicide Prevention to be held at the Loews Miami Beach from October 27-30, 2019.

This meeting will bring together suicide researchers studying topics ranging from neurobiology and genetics to prevention and intervention. All suicide researchers and those interested in learning about the most cutting-edge evidence are invited to attend and take advantage of this excellent opportunity to network and interact. In addition to plenary sessions with preeminent suicide researchers and symposia, the meeting will include a mentoring program, poster sessions, oral presentations and workshops addressing methodological issues particular to suicide research, such as assessment of suicidal behavior, strategies for research on low base rate outcomes, use of proxy measures, and maintaining the delicate balance between ethical and methodological concerns.

**The Program Committee welcomes all proposals related to suicide research. Below are the submission categories. During the submission process, please select the category in which your proposal best fits.**

- Genetic and Epigenetic Factors
- Neurobiology and Neuroimaging
- Neurocognition and Decision-Making
- Clinical Screening and Assessment
- Clinical Treatment and Intervention
- Clinical Risk and Protective Factors
- Epidemiology, Public Health and Community
- Dissemination and Implementation
- New Technologies for Risk Detection, Monitoring and Intervention
- Big Data and Machine Learning
