### Complete the overall submission information.

#### Submission Details

1

2

)	Symposium Synopsis *
	Provide a clear, succinct synopsis of your proposed symposium (250 words or less). Describe the subject, highlighting the questions, scientific issues, innovations, and research to be addressed. DO NOT reference individual speakers in the synopsis.

250 of 250 words remaining

#### Attestation and Affirmation \*

• I have participated sufficiently in the work to take public responsibility for all or part of the content, AND have made substantive intellectual contributions to the submitted work in the form of conception and design, and/or acquisition of data, and/or analysis of data.

• Previous Presentations: The data in this submission may have been or may be presented elsewhere in abstract form, but it has not been published as an article on or before November 1, 2017.

• Third Party or Agency Submissions: This submission has not been made by an agency or third party. Any submissions by an agency or unrelated third party will not be considered.

• Scheduling: If accepted, I understand that this submission may be scheduled for presentation on any day of the conference (Thursday, May 10 - Saturday, May 12, 2018).

• Registration: All member and non-member oral or poster presenters are required to register for the meeting in order to present.

· I attest that all information submitted is accurate.

I Agree

#### Attestation and Affirmation \*

There is no speaker role limits for oral or poster presentations.

· I have participated sufficiently in the work to take public responsibility for all or part of the content, AND have made substantive intellectual contributions to the submitted work in the form of conception and design, and/or acquisition of data, and/or analysis of data.

· Previous Presentations: The data in this submission may have been or may be presented elsewhere in abstract form, but it has not been published as an article on or before November 1, 2017.

· Third Party or Agency Submissions: This submission has not been made by an agency or third party. Any submissions by an agency or unrelated third party will not be considered.

• Scheduling: If accepted, I understand that this submission may be scheduled for presentation on any day of the

#### conference (Thursday, May 10 - Saturday, May 12, 2018).

· Registration: All member and non-member presenters are required to register for the meeting in order to present.

• I attest that all information submitted is accurate.

### **Disclosures**

#### Disclosures

### Financial Relationships (submitting author only)

### Definition of Financial Relationship...

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considered relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

*Contracted research* includes research funding where the institution gets the grant and manages the fund and the person is the principal or named investigator on the grant.

There is no minimum dollar amount for relationships.

#### Definition of Commercial Interest ....

A commercial interest is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. Providers of clinical service directly to patients are <u>not</u> commercial interests – unless the provider of clinical service is owned, or controlled, by a commercial interest. The following are <u>not</u> commercial interests:

- 501-C Non-profit organizations that do not advocate for commercial interests
- Government organizations
- Non-health care related companies
- · Liability insurance providers
- Health insurance providers
- Group medical practices
- For-profit hospitals
- For-profit rehabilitation centers
- For-profit nursing homes
- Blood banks
- Diagnostic laboratories

After having read the definitions above, in the past 12 months, have you or your spouse/partner had a financial relationship with any commercial interest?

#### Disclosure \*

After having read the definitions above, in the past 12 months, have you or your spouse/partner had a financial relationship with any commercial interest?

- Yes, I (or my spouse/partner) do have commercial interest to disclose.
- No, I have nothing to disclose.

### Financial Relationships (submitting author only)

#### Definition of Financial Relationship ...

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considered relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

*Contracted research* includes research funding where the institution gets the grant and manages the fund and the person is the principal or named investigator on the grant.

There is no minimum dollar amount for relationships.

#### Definition of Commercial Interest ...

A commercial interest is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. Providers of clinical service directly to patients are <u>not</u> commercial interests – unless the provider of clinical service is owned, or controlled, by a commercial interest. The following are <u>not</u> commercial interests:

- · 501-C Non-profit organizations that do not advocate for commercial interests
- · Government organizations
- Non-health care related companies
- Liability insurance providers
- Health insurance providers
- · Group medical practices
- · For-profit hospitals
- · For-profit rehabilitation centers
- For-profit nursing homes
- Blood banks
- Diagnostic laboratories

After having read the definitions above, in the past 12 months, have you or your spouse/partner had a financial relationship with any commercial interest?

#### Disclosure \*

After having read the definitions above, in the past 12 months, have you or your spouse/partner had a financial relationship with any commercial interest?

- Yes, I (or my spouse/partner) do have commercial interest to disclose.
- No, I have nothing to disclose.

#### Signature \*

2

Please type your full name verifying the above information is true and accurate.
