Symposium Synopsis
Provide a clear, succinct synopsis of your proposed symposium (250 words or less). Describe the subject, highlighting the questions, scientific issues, innovations, and research to be addressed. DO NOT reference individual speakers in the synopsis.

Diversity in Participants
Symposium participants should include scientists and/or clinicians who are diverse in gender, individuals from underrepresented backgrounds or underrepresented groups in science, technology, etc. In addition, symposia should attempt to include individuals who are at an early career stage. Please briefly describe how the composition of your symposium addresses each of these ways to increase diversity among symposium participants.

Diversity in Scientific Topics
The SOBP strongly supports diversity in the scientific topics of symposia and seeks symposia that address important understudied factors (e.g., sex and gender-based analyses, vulnerabilities and treatment gaps for minority populations, etc.) in psychiatric neuroscience. Please briefly describe how your symposium addresses the goal of content diversity.

Attestation and Affirmation
I have participated sufficiently in the work to take public responsibility for all or part of the content, AND have made substantive intellectual contributions to the submitted work in the form of conception and design, and/or acquisition of data and/or analysis of data.

Video Permission
The Society of Biological Psychiatry ("SOBP") may make a video recording of your presentation during the 2023 SOBP Annual Meeting. In consideration of the decision by the SOBP to include the video recording of your presentation during the 2023 SOBP Annual Meeting in its historical archives, and to make copies of that video recording available for educational purposes only (including posting on the SOBP website), the sufficiency and receipt of such consideration are hereby acknowledged, you agree as follows:

1. You grant to SOBP the right to use and portray your name, likeness, voice, personality, personal identification, presentation and participation in the 2023 SOBP Annual Meeting. (All rights are hereinafter referred to as the "Granted Rights"). You agree that the Granted Rights may be used for educational purposes in any manner and by any means, with modifications as SOBP, its successors and assigns, determine in its sole discretion. You acknowledge that you are to receive no payment with respect to any matter referred to herein. Any or all of the Granted Rights shall be freely assignable by SOBP.

2. You agree to release and discharge SOBP, its employees, agents, licensees, successors and assigns from any and all claims, demands or causes of action that you may now have or may hereafter have for the defamation, invasion of privacy or right of publicity, infringement of copyright or violation of any other right arising out of or relating to any utilization of the Granted Rights or based upon any failure or omission to make use thereof.

Nature of your participation in the 2023 SOBP Annual Meeting: CHAIR
- I have read and agree to the above terms and conditions.
- I have read and understand but I decline.

Symposium Presentation Format Preference
Our plan is to hold a fully in-person conference with live, in-person symposia. Please provide your preference for presenting your symposium. If it is accepted:
- Our symposium will present in-person in San Diego.
- Our Symposium must be virtual if accepted.

You have been assigned a presentation slot based on your preferences. Sponsors, investigators, and abstracts are ranked from A to Z based on the number of papers presented in the same category and the most recent submission date. The author should be available on the selected day and should not conflict with any other presentation or meeting. You may request to change the presentation day by sending an email to the meeting’s SOC.
