

Student Poster Competition *Evidence Based Project*

Completed EBPs and EBPs in progress may be submitted. Abstracts will be judged on the following criteria but only through the 4th criterion if the project is in progress. ***Abstracts submitted as EBPs in progress must be completed by the time of the conference.***

The 350-word abstract must include the title, headings, and the following key elements:

- **Nature and scope of the project** (introduction, problem identification, significance, project objectives)
- **Synthesis and analysis of supporting literature.** Describe the evidence-based solution. How was it developed? Include the theoretical framework if applicable
- **Project implementation:** Describe the implementation process and significant challenges encountered. Include plans for implementation if the project is not complete
- **Evaluation criteria:** Provide details of your method for evaluating the success of the project. Include proposed evaluation criteria if the project is not complete
- **Outcomes:** What were the outcomes of the project? How were the outcomes measured?
- **Recommendations:** Describe your recommendations for clinical practice and policy based on the outcomes of the evidence-based practice project

NOTE: A description of the student's role on the research team and in developing the poster must be entered at time of abstract submission.
