

2019 CE & Meeting Evaluation Information

All meeting attendees are urged to complete an evaluation of the meeting. Attendees who are requesting CE credit for the meeting are required to complete the evaluation. This form is available **online only**. At the conclusion of the meeting, you may complete the evaluation online at www.mnrs.org (click the Annual Meeting tab). All evaluations must be completed by **April 26**.

Continuing Education and Disclosures

Attendees will be eligible to receive the credit hours listed below for attending the Conference. To obtain CE credits for the conference, you must complete the post-conference meeting evaluation.

There will be a \$60.00 charge for registrants to obtain CME credits. Upon completion of the post-conference evaluation and attestation, your CE certificate will be emailed after **April 29, 2019**.

Learners must complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Nurses

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and the Midwest Nursing Research Society. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement – Amedco LLC designates this live activity for a maximum of 18.00 contact hours for nurses. Learners should claim only the credit commensurate with the extent of their participation in the activity.

Objectives - After attending this program you should be able to:

1. Discuss exemplar research programs that have helped prevent and/or intervene in healthcare crises and sustain optimal health and healthcare
2. Describe how research can influence healthier public policy
3. Examine evidence-based approaches to prevent and/or intervene in health care crises, sustain optimal health and healthcare
