

Name: Lynne Buchanan, PhD, APRN-BC

Current Title: Associate Professor and HRSA Grant
Project Director Telehealth Learning Suite

Affiliation: University of Nebraska Medical Center

Candidate for: MNRS Nominating Committee

Personal Statement:

I am interested in this MNRS leadership role to promote nursing research. The nominating committee is important as it implements the important function of finding leaders to serve to fulfill the purpose, goals and objectives of the organization. I am well qualified for this committee being an active member and having held leadership positions on different committees, both internally as a faculty member and externally on a national organization. I understand the obligations that come with a position like this and the responsibilities that include recruitment of candidates for a ballot and presentation of a qualified slate to the Board. Further, I adhere to all professional obligations inherent in a role like this including confidentiality. It would be an honor to serve on the nominations committee.
