

Name: Kristine Talley, BSN, CNP, MS, PhD
Current Title: Associate Professor
Affiliation: The University of Minnesota, School of Nursing
Candidate for: MNRS Board Treasurer

Personal Statement:

I am excited to apply for the role of Treasurer for the Midwest Nursing Research Society (MNRS). With extensive experience in research funding and committee service, I am well-equipped to provide strategic financial oversight for MNRS. As a faculty member, I have managed budgets for over two dozen research and educational projects funded by federal and local agencies.

My involvement with the finance committees for the Council for Advancing Nursing Science (2015-2020), the National Hartford Center for Gerontological Nursing Excellence (2017-2023), and as chair of my School of Nursing's finance committee (2019-2021) has deepened my understanding of financial stewardship. Before my academic career, I worked as a tax and treasury analyst for a Fortune 500 company, where I gained expertise in financial statements and committee functions.

Since joining MNRS as a graduate student in 2003, I have been actively involved, including chairing the Gerontological Nursing Science Research Interest Group and serving on various committees. I would be honored to use my financial expertise and dedication to nursing research to support MNRS's mission. Thank you for considering my candidacy.
