20x20 Presentation Guidelines

- A 20x20 presentation offers participants the opportunity to hear from several presenters on a specific topic.

- Each 20x20 session consists of no more than 6 presentations.

- Presenters should arrive at least 15 minutes before their session start time to check-in with the moderators.

- Each presenter will share their information using 20 slides which AUTOMATICALLY advance every 20 seconds resulting in a fast and informative 6-minute and 40-second-long presentation.

- The individual presentations are followed by at least 10-15 minutes of group discussion facilitated by the group's lead presenter.

- The goal of this format is to create a greater opportunity for conversation and dialogue in the session.
