SUBMISSION SITE USER GUIDE

STUDENT POSTER

Visit <https://mnrs.societyconference.com/v2/>

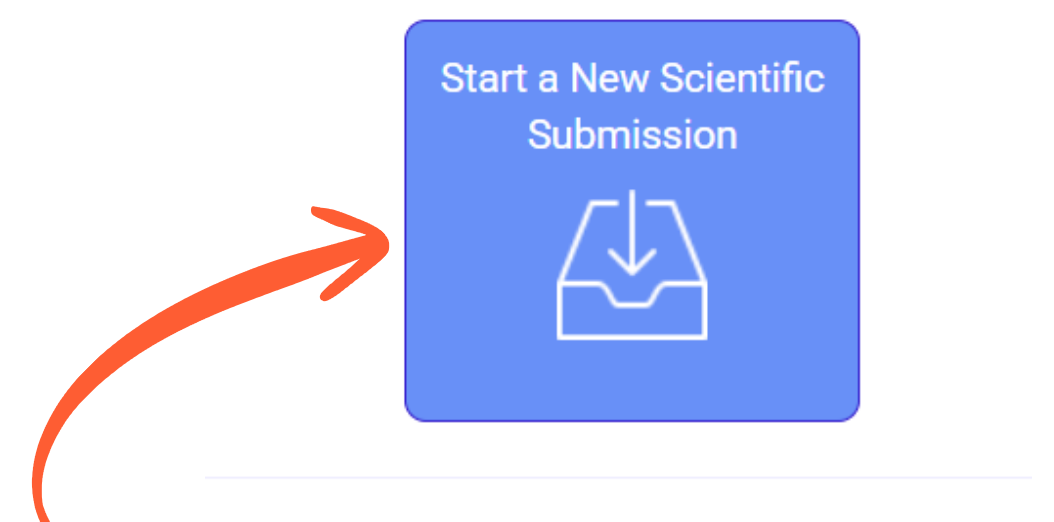

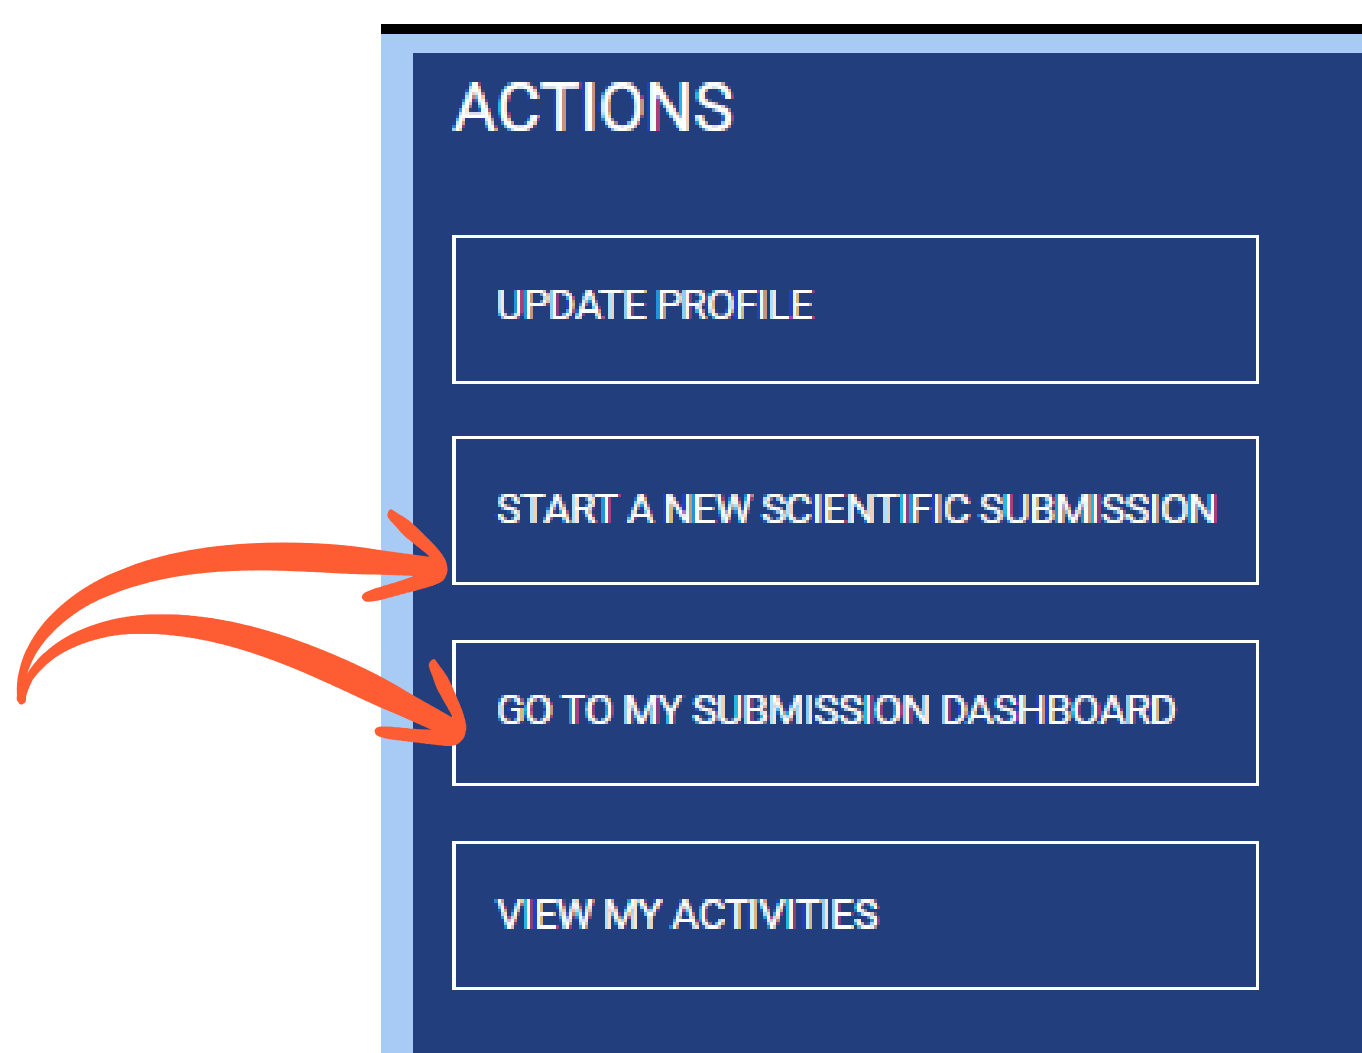

Click on the “Submissions” card. You will then be prompted to login.

If you are already an MNRS Member, log in using the email associated with your membership.

If you do not know your password, please click “Forgot your Password? Reset Password” and a new password will be emailed.

After logging in, you can either click “Start a New Scientific Submission” or “Go to My Submission Dashboard” to begin!

*All deadlines are 5:00 PM Eastern

Select “Start a New Scientific Submission”

SUBMISSION SITE USER GUIDE

STUDENT POSTER

Click on abstract title below to update and submit individual and supporting abstracts.

Status	My Submissions	Type	Role
 Not Started	Test	Competitive Symposium Session	Presenter
 Not Started	Test	Guaranteed Symposium Session	Presenter

These are your current submissions. You can access the submission by clicking the title. If you were added as a presenter by someone else, that submission would also appear here.

 Return to Dashboard

Submit Abstract

You will first select your submission type – **Student Poster Competition Abstract.**

An individual can ONLY be listed as the first author for a maximum of one (1) abstract for the annual conference; however, an individual may be listed as co-author for an unlimited number of presentations. If you are primary author on an abstract accepted for presentation, you cannot submit another abstract.

Submission Type

Submission Type

Student Poster Competition Abstract

Evidence Based:

- This category includes projects which exemplify the use of best evidence from research, practice and patient preferences to influence the provision of high quality care
- EBP projects start with a clinical problem or quality concern, evaluate the literature for best practices related to the concern, and implement evidenced based practice, system, and/or policy changes to address the concern
- EBP projects should highlight recommendations for clinical practice, future research, and policy change
- Completed EBPs and EBPs in progress may be submitted.

Literature Review:

- A thorough review of the literature related to a problem

Research Based:

- A systematic investigation used to generate generalizable knowledge about a phenomenon.
- Completed research and research in progress may be submitted.
- **NOTE:** A description of the student's role on the research team and in developing the poster must be entered at time of abstract submission.

After entering the title, the system will autocorrect to title case. This is for Abstract and Program Book purposes. Please review the title after correction.

Select the submission category that best describes your submission.

1

Enter Title *
Abstract Submission: The title must be brief and clearly indicate the nature of the proposal.

5

Student Role *

Student participation in and conduct of research projects is a necessary part of training future researchers. MNRS supports the principles of team science and recognizes that students need faculty mentorship to conduct quality research. Student posters should include the student as the primary author of the project submitted and students should have contributed significantly to the design, development, conduct, and dissemination of the research results presented in the poster. In this section, please characterize the roles of the student in the student conference abstract submitted herein.

- ☐ Searched databases for appropriate literature
- ☐ Screened literature for inclusion/exclusion in this review
- ☐ Synthesized literature in review
- ☐ Interpreted results of literature review
- ☐ Conducted entire literature review
- ☐ Developed study/project aims
- ☐ Wrote protocol or data dictionary for study
- ☐ Wrote research/project proposal
- ☐ Participated of development IRB application
- ☐ Selected or revised instruments
- ☐ Prepared materials for intervention
- ☐ Calibrated equipment
- ☐ Conducted or assisted with recruitment and/or data collection
- ☐ Ensured participant compliance with the intervention
- ☐ Performed or assisted with data analysis
- ☐ Performed or assisted with interpretation of results
- ☐ Synthesized study results to write conclusion/recommendations
- ☐ Wrote conference abstract

A description of the student’s role on the research team and in developing the poster must be entered at time of abstract submission. Here you will characterize the role of the student in the abstract.

6

Faculty Advisor/Mentor for Student Poster *

Please note that while we encourage all students to present their work in the Student Poster Competition, this should be a learning/training opportunity for the student. We anticipate each participating schools provide support, mentors, or faculty advisors to assist the students in preparing and submitting their abstract and poster.

Please provide the name of your mentor/faculty advisor on this poster.

First Name *	Last Name *	Institution *

* You must populate all fields to complete the row and you must enter at least 1 row.

Here you will provide the name of your mentor/faculty advisor on your poster submission.

1

Submission Type *

Please select your submission type.

- ☐ Research Based
- ☐ Evidence Based/Quality Improvement
- ☐ Literature Review

Please select your submission type.

You only need to fill out each section according to the submission type.

For example, if you are filling out the Background for a Literature Review, please write the problem and purpose. You do not need to fill out the information assigned to the Research Based or Evidence Based/Quality Improvement.

SUBMISSION SITE USER GUIDE

STUDENT POSTER

EVIDENCE-BASED/QUALITY IMPROVEMENT ABSTRACT

This information should be provided only if submitting an evidence-based/quality improvement abstract.

3

Background *

Identify the clinical or organizational problem, its significance, and the project's objectives. Include the theoretical or conceptual framework underlying the problem, if applicable.

4

Methods *

Describe the evidence-based intervention, the setting and population, the implementation strategy and timeline, and the measures used to evaluate success.

5

Results *

Report the measured outcomes against the evaluation criteria, including any notable implementation challenges.

6

Conclusions *

State whether the project met its objectives and the implications for clinical practice, policy, or spread/sustainability.

SUBMISSION SITE USER GUIDE

STUDENT POSTER RESEARCH-BASED ABSTRACT

This information should be provided only if submitting a research-based abstract.

3

Background *

State the problem or gap the study addresses, its significance to nursing science, practice, or patient care, and the study's purpose or aims. Include the theoretical or conceptual framework underlying the problem, if applicable.

4

Methods *

State the design, sample/setting, key instruments or measures, and data collection and analysis procedures.

5

Results *

Report the findings tied to each aim or research question.

6

Conclusions *

Interpret the findings in relation to the study's purpose and state implications for nursing science or practice.

SUBMISSION SITE USER GUIDE

COMPETITIVE ABSTRACT LITERATURE REVIEW

This information should be provided only if submitting a literature review.

3

Background *

State the issue driving the review, why it matters, and the specific question(s) or objectives guiding the search.

4

Methods *

Describe the search strategy — databases, search terms, date range, inclusion/exclusion criteria — and how evidence quality or level was appraised.

5

Results *

Summarize the number of studies reviewed and their level of evidence, and synthesize major themes, patterns, and gaps.

6

Conclusions *

Synthesize recommendations for practice, education, or future research.

6

Journal Publication *

Please indicate if you wish to publish your individual abstract to the conference supplement of the Western Journal of Nursing Research (WJNR). There is a \$40 fee that you will be billed upon acceptance along with additional instructions.

- ☐ I would like my abstract to be published in the conference supplement and understand I will need to pay an additional fee.
- ☐ I do not want my abstract to be published in the conference supplement.

7

Keywords: *

Please select at least 1 and up to 3 keywords that best describe your abstract. (This section is not included in the word count)

Search for keywords to be added. If keyword is not found, then enter directly in the table below.

Speaker Consent & Release of Rights *

MNRS (the "Organization") may make video and audio recordings of your presentation during the 2027 MNRS Annual Research Conference (the "Conference") by any means, including through the use of an AI-enabled application known as "Athena" (the "App"). In consideration of the opportunity to present at the Conference and the Organization's agreement to make recordings available for any lawful purpose (including posting on the Organization's website and meeting apps, distribution to conference attendees through the App or other means, and public educational and archival use), and to generate transcripts, summaries, and other derivative materials using the App or other technologies, the sufficiency and receipt of such consideration are hereby acknowledged, you agree as follows:

1. Grant of Rights. You grant to the Organization the right to use and portray your name, likeness, voice, personality, personal identification, presentation and participation in the Conference, including the right to record, capture, and use audio and video from any session in which you participate. The Organization may use such audio and video recordings, including through automated technologies and artificial intelligence tools, to generate transcripts, summaries, and other derivative materials. All rights granted to the Organization hereunder are referred to collectively as the "Granted Rights." You agree that the Granted Rights may be used for any lawful purpose in any manner and by any means, with modifications as the Organization, including its successors and assigns, determine in its sole discretion. You acknowledge that you are to receive no payment with respect to any matter referred to herein. Any or all of the Granted Rights shall be freely assignable by the Organization. You further acknowledge that AI-Generated Content (as defined in Section 3) is subject to the disclaimer set forth in Section 3 below.

Nature of your participation at the Conference (i.e., interviewer, interviewee, or presenter): PRESENTER

- ☐ I CONSENT: I have read and agree to the above terms and conditions. My presentation may be recorded by any means, including through the App, and made available to attendees and for other uses as described herein.
- ☐ I DECLINE: I have read and understand the above terms. I decline to have my presentation recorded and made available to attendees. I understand that by declining, my presentation will not be recorded through the App or otherwise, and will not be available to attendees who are not physically present at my session.

All presenters are required to complete the audio/visual consent question.

Financial Relationships

Definition of Financial Relationship...

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers’ bureau, ownership interest (e.g. stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, owner, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. Contracted research includes research funding where the institution gets the grant and manages the fund and the person is the principal or named investigator on the grant. There is no minimum dollar amount for relationships.

Contracted research includes research funding where the institution gets the grant and manages the fund and the person is the principal or named investigator on the grant.

There is no minimum dollar amount for relationships.

This process takes time to complete and you will be required to upload your CV– PLEASE allow yourself enough time.
