

MPA 2024

9TH BIENNIAL MOLECULAR PSYCHIATRY MEETING
MARCH 6 - 9, 2024 OUTRIGGER KONA RESORT AND SPA

Kailua-Kona, Hawaii

MPA Molecular Psychiatry Association

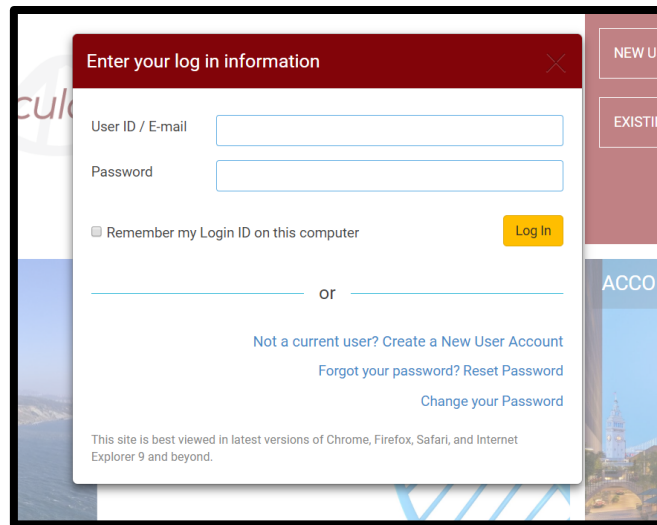

Young Investigator Travel Award Applications

Deadline EXTENDED TO October 20, 2023

- There are two categories of travel awards:
 - Students currently enrolled in PhD, MD, or MD/PhD programs.
 - Postdoctoral fellows, medical residents, or junior faculty within 5 years of completing postdoctoral or residency training. Applicants may have a career development award (K-type) but may not be PI on a current or previous R-level grant (R03 and R36 grants permitted).
- You will be asked to upload:
 - Your CV or NIH bio sketch (PDF)
 - A half-page career statement and explanation of why this travel award would be beneficial for you (PDF)
 - One letter of recommendation that also confirms your eligibility (*for graduate/medical student award, currently enrolled in PhD, MD, or MD/PhD program; for postdoc/resident/junior faculty award, currently a postdoctoral fellow or resident, or within 5 years of completing training*). Preference will be given to those presenting a symposium talk or poster at the meeting. (PDF)
- Only applicants receiving travel awards will be notified in mid-November 2023. Awards for both categories are for \$1,500. Travel awardees must register for the conference (registration fees are not waived). *Previous awardees are ineligible.*

Steps for Submission:

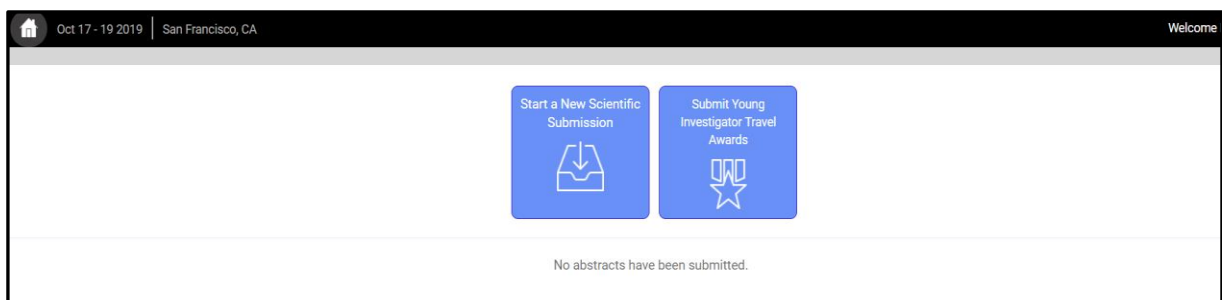

1. Visit the 2024 Abstract Submission Portal:
<https://mpa.societyconference.com/v2/>

2. Click “Access My Dashboard”

3. Once logged into the portal, select the large blue square “Submit Young Investigator Travel Awards”

4. Select the travel award type and upload the documents needed.

There are two types of travel awards: (1) for graduate or medical students who are currently enrolled in PhD, MD, or MD/PhD programs and (1) for for postdoctoral fellows/medical residents/junior faculty.

For the postdoc/resident/junior faculty level award, applicants must be within 5 years of completing postdoctoral or residency training. Applicants may have a career development award (K-type) but not yet a R-level grant.

Please upload your CV or NIH biosketch, a half-page career statement and explanation of why this travel award would be beneficial for you, and one letter of recommendation that also confirms your eligibility (for graduate/medical student award, currently enrolled in PhD, MD, or MD/PhD program; for postdoc/resident/junior faculty award, currently a postdoctoral fellow or resident, or within 5 years of completing training). Preference will be given to those presenting a symposium talk or poster at the meeting.

Only young investigators receiving the awards will be notified in the fall. Awards for both types are for \$1,500. Part of the monies must be used to register for the meeting.
