(December 15, 2021) – The Case Management Society of America (CMSA) is excited to announce the launch of the CM Fellow program to recognize distinguished individuals who have made a significant contribution to the professional practice of case management through leadership, innovation, and scholarship.

Case Management Fellows (FCM™) will represent a diverse community of accomplished thought leaders that take an active role in the identification of future trends and issues affecting case management and serve the public and the professional practice of case management by advancing the standards of practice through excellence.

“FCMs will be influential leaders within case management, ambassadors of the profession, visionary, strategic thinkers, mentors, authors, speakers, leaders, and facilitators,” says CMSA President Melanie Prince, MSS, MSN, BSN, NE-BC, CCM, FAAN. “The Case Management Fellow (FCM™) is designed to recognize the best of the best; those committed to elevating and furthering the practice through significant contributions.”
