

June 2025 Phone Script for Contacting Your Senators

Hello, my name is _____. I am a case manager and a constituent who lives in [TOWN], and I would like to register a legislative opinion about the reconciliation bill that is currently being considered in the Senate.

I would like to urge Senator _____ to reject changes to Medicaid that will result in millions of senior citizens, children, and working families losing access to coverage. As a case manager, I see first-hand the critical role that Medicaid plays for patients in hospitals, outpatient care, rehabilitation, nursing homes, and more. Taking Medicaid coverage away from these Americans will have terrible consequences for health care in our state.

As the Senate considers the reconciliation bill, I urge Senator _____ to demand changes to the House-passed bill that will protect Medicaid coverage for vulnerable Americans.

Thank you.
