Dear Friends,

On behalf of the people of Maine, I write this letter in support of Case Management Week, which is observed during the week of October 11-17, 2026.

Case management is an integral component of healthcare delivery in Maine and across the United States, ensuring the delivery of quality, appropriate, efficient, and cost-effective healthcare services to patients.

Case managers function in a variety of practice settings, including hospitals, home healthcare, long term care, rehabilitation, eldercare, and others to facilitate the coordination of continuing care services. Case management services enhance quality of life while promoting the achievement of positive healthcare outcomes.

As Governor, I thank all case managers in Maine for their efforts to ensure the delivery of quality healthcare to people throughout our state.

Thank you,

Janet T. Mills
Governor
