## **Flux Poster Presentation Guidelines**

### **Poster Presentation Guidelines:**

Please prepare your poster to communicate the main points of your work to stimulate discussion with your viewers.

- Maximum poster size is **4(ft) x 4(ft) or 48(in) x 48(in)**
- Push pins will be provided to mount your poster to the board.
- Do not mount materials on a heavy board because it will be difficult to affix the materials to the poster boards. Keep presentation as lightweight as possible.
- Poster presentations should be simple and to the point. Use a minimum amount of clear text. Avoid jargon.
- Make sure poster is easy to read. Use large, BOLD fonts. Text color should highly contrast the background color for legibility for all attendees including those who are colorblind.
  - [Tips & tricks for making a colorblind friendly presentation](#)
  - [Check for a colorblind friendly color palette](#)
  - [Check your color palette to see if it is colorblind friendly](#)
- Title and author name(s) should be clearly labeled.
- Please indicate the presenting author in the author block (bold, underline asterisk, etc.).
- You may bring poster handouts/copies for distribution during your assigned session.
- Include section headings to direct the reader's attention.
- Catch your reader's attention with accent colors for contrast and to highlight main points.
- Use borders or white space to separate sections and increase legibility.
- Use simple figures (graphs, charts, illustrations, and photographs) to illustrate your point. Make sure to include captions.
- Summarize your results/findings with bullet points.
- Each posterboard will be numbered. **Please do not remove the numbers.**
