# Research Society on Alcohol
Donation

Thank you for considering a donation to the Research Society on Alcohol (RSA). The RSA is a non-profit 501(c)(3) organization founded in 1976, with a membership of over 1,800 clinicians, scientists, and students from the United States and abroad.

The RSA supports a variety of educational and training activities for students, investigators and healthcare professionals. Additionally, we have launched a program to fund small grants for young investigators in ground-breaking areas of research so as to further support the next generation of alcohol researchers. Your tax deductible donation will be of great value to the Society in support of its many research and training efforts related to understanding the causes and complications of alcohol use and alcohol-related problems and to promoting effective strategies for prevention, intervention, and sustained behavior change. Donors will receive a tax-deductible receipt and, if indicated, a separate acknowledgement will be sent to the individuals listed.
