The Research Society on Alcohol ("RSA") (the "Organization") may make video and audio recordings of your presentation during the Annual Meeting (the "Conference") by any means, including through the use of an AI-enabled application known as "Athena" (the "App"). In consideration of the opportunity to present at the Conference and the Organization's agreement to make recordings available for any lawful purpose (including posting on the Organization's website and meeting apps, distribution to conference attendees through the App or other means, and public educational and archival use), and to generate transcripts, summaries, and other derivative materials using the App or other technologies, the sufficiency and receipt of such consideration are hereby acknowledged, you agree as follows:

1. Grant of Rights. You grant to the Organization the right to use and portray your name, likeness, voice, personality, personal identification, presentation and participation in the Conference, including the right to record, capture, and use audio and video from any session in which you participate. The Organization may use such audio and video recordings, including through automated technologies and artificial intelligence tools, to generate transcripts, summaries, and other derivative materials. All rights granted to the Organization hereunder are referred to collectively as the "Granted Rights." You agree that the Granted Rights may be used for any lawful purpose in any manner and by any means, with modifications as the Organization, including its successors and assigns, determine in its sole discretion. You acknowledge that you are to receive no payment with respect to any matter referred to herein. Any or all of the Granted Rights shall be freely assignable by the Organization. You further acknowledge that AI-Generated Content (as defined in Section 3) is subject to the disclaimer set forth in Section 3 below.

2. Ownership of Materials. You acknowledge and agree that all recordings, AI-generated content, and other materials created by or on behalf of the Organization in connection with your presentation shall be the sole and exclusive property of the Organization. You retain ownership of the underlying intellectual property in the content of your presentation; provided that such retained intellectual property remains subject to the irrevocable, royalty-free license granted to the Organization pursuant to the Granted Rights.

4. Distribution and Access. Recordings and AI-Generated Content may be made available to registered conference attendees and, at the Organization's discretion, to the public for educational and archival purposes. Conference attendees who access recordings or AI-Generated Content through the App or other means will be subject to terms of use that prohibit further reproduction, distribution, or commercial exploitation of such materials without the prior written consent of the Organization. The Organization shall use reasonable efforts to enforce such restrictions but shall not be liable for unauthorized use by third parties.

5. Release and Waiver. You agree to release and discharge the Organization, its employees, agents, licensees, successors and assigns, and the developers and operators of the App, from any and all claims, demands or causes of action that you may now have or may hereafter have for libel, defamation, invasion of privacy or right of publicity, infringement of copyright, moral rights (to the fullest extent permitted by applicable law) or violation of any other right arising out of or relating to any utilization of the Granted Rights, including the real-time or post-session recording, transcription, summarization, or distribution of your presentation through the App or other automated or AI-assisted means, or by any other method, or based upon any failure or omission to make use thereof. You further agree to indemnify, defend, and hold harmless the Organization, its employees, agents, licensees, successors and assigns, and the developers and operators of the App, from and against any and all third-party claims, losses, damages, liabilities, costs, and expenses (including reasonable attorneys' fees) arising out of or relating to the content of your presentation or any breach of any representation or warranty made herein.

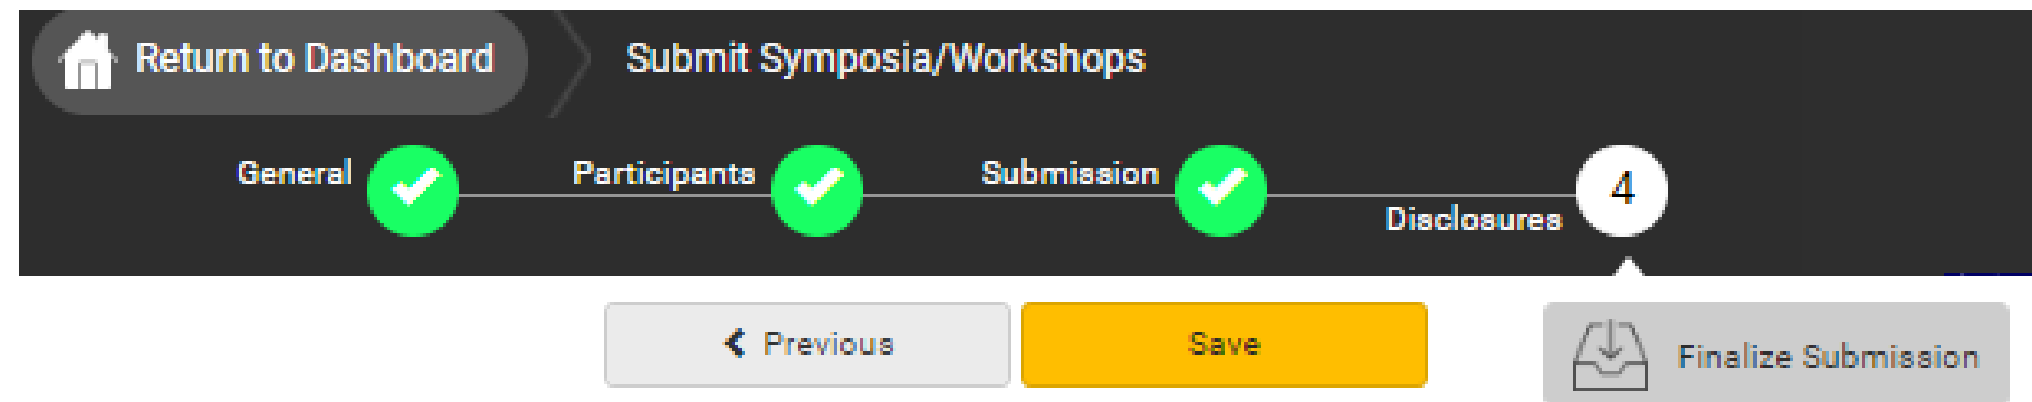

6. Irrevocability and Survival. You acknowledge that this Consent & Release is irrevocable and that, once your presentation has been recorded, you may not withdraw your consent or require the Organization to cease use of the recordings or AI-Generated Content, except as may be required by applicable law. The rights granted to the Organization hereunder shall survive the conclusion of the Conference and shall remain in full force and effect indefinitely.
